

Hazelnut – Seedling, 12-18” \$25.00/Bundle
Small shrub reach 12 feet in height. Edible brown nuts. Grows best in moist, well-drained soils. Full sun or partial shade. Attracts deer, grouse, turkeys, pheasants.

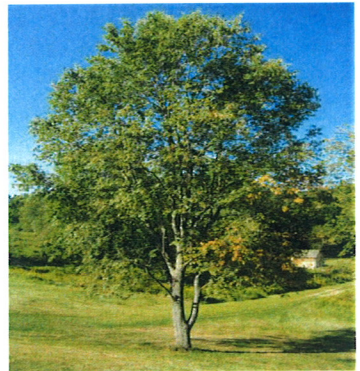

Sugar Maple – Seedling, 12-18” \$25.00/Bundle
Native shade tree, grows in most soil types, dark green leaves turn yellow to orange & red; sap used for maple syrup, ornamental tree & used for lumber. Grows to 100 ft.

2-2 White Spruce, 7-15” \$25.00/Bundle
Moderate growing tree with bluish-green needles, and short, dense branches. A popular Christmas tree as well as an ornamental and windbreak tree. Endures drought conditions. Grows 30-60 ft.

Black Cherry – Seedling, 12-18” \$25.00/Bundle
Hardy, large tree with rough, dark brown bark. Leaves are oblong with white flowers in late May. Grows to approximately 80 ft. tall and 50 ft. wide.

Red Oak – Seedling, 12-18” \$25.00/Bundle A 60-75 ft. shade tree. Fast growing and long lived oak. This acorn tree provides food and shelter for wildlife and can tolerate city conditions.

2-3 White Cedar (Eastern Arborvitae), 12-16” \$25.00/Bundle
Fan-like glossy leaves provide year-round color. Forms a wind tight barrier when used for screening. Prefers heavy damp areas.

Tamarack (American Larch) -Seedling, 12-18” \$25.00/Bundle
Open pyramidal crown, coniferous tree with needles, (not leaves) that turn yellow and drop off late fall. Can grow in moist to wet sites and better drained uplands. Grows 40-80 ft.

Elderberry – Seedling, 12-18” \$25.00/Bundle
Height and spread is 5-12 ft. Fast growing small tree/shrub. Tolerates wide range of growing conditions. Small white flowers grow in large clusters in early summer followed by edible purplish black fruit. Attractive to birds.

White Oak – Seedling, 12-18” \$25.00/Bundle
Hardy deciduous shade tree. Majestic rounded shape. Dark green leaves, typical oak leaf shape that turns bronze in fall. Slow growing, extremely long lived. Grows 50-80 ft.

2-2 White Pine 7-15” \$25.00/Bundle
Vigorous growing, open tree with long, soft bluish-green needles. Used in ornamental plantings. Tolerates shade and grows well in sandy and other soils. Grows 50-80 ft.

Fraser Fir – 2-3 T.P., 12-16”; \$25.00/Bundle
Called the Cadillac of Christmas trees. Likes cool, moist, well-drained soil. Will not do well in wet, clay soil.

American Plum – Seedling, 12-18” \$25.00/Bundle
Grows 15-20 ft. A small tree or large shrub. White flowers in early May. Edible fruits. Very hardy and Drought resistant. Excellent for wildlife plantings.

Swamp White Oak – Seedling, 12-18” \$25.00/Bundle
Moderate growth rate. Does well in moist to wet soils, also in upland areas. Shiny dark green leaves. Yellow to purple fall color. Great for wildlife. Grows-to 50-60 feet.

2-2 Colorado Blue Spruce, 12-16” \$25.00/Bundle
Grows 30-60 ft. Slow growing, densely formed tree with stiff, silvery-blue to bluish-green needles. An excellent ornamental and background tree. Thrives in well-drained soil.

Red Osier Dogwood – Seedling, 12-24” \$25.00/Bundle
Grows 7-9 ft. with dark red branches having white flowers followed by white berries. Good food & cover for wildlife.

Burr Oak - Seedling, 12-18” \$25.00/Bundle
Tolerates a variety of soil conditions. Leaf color is dark green in summer and yellow to yellowish brown in fall. Height 70-80 ft.

2-2 Norway Spruce, 7- 15” \$25.00/Bundle
Grows 30-60 ft. Fast growing with dark green needles and draping branches. Good ornamental or windbreak tree. Grows well in most soils.

American Cranberry Bush – Seedling, 12-24” \$25.00/Bundle
Grows to 8 ft. Foliage turns red and orange in the fall. Grows white flowers followed by red berries.

BASIC TREE PLANTING TIPS

- Weed Control –
 - If possible, maintain a 15-20 inch wide weed and grass free zone around trees for the first few years. This can be done by mechanical hand/weeding and mulching, and/or by chemical controls.
- Care of Trees Before Planting –
 - It’s best to plant your trees within 7 days of delivery (ideally within 1-2 days).
 - Keep trees in a cool dark place below 50 degrees F. If you must store your trees more than 7 days, refrigerate trees at 35-40 degrees F. Keep roots moist, but do not soak in a bucket of water
 - Some minor root pruning may be needed, especially with hardwoods. Trimming roots to 10-12 inches will help speed the planting process

- Tree Planting –
 - Beware of underground and overhead utilities - contact Diggers Hotline prior to planting trees, especially around homes, roadways, etc.
 - Plant trees with the root collar at about the same depth or slightly deeper than when the trees were still in the nursery bed
 - If time is short, use a spade or tree planting bar to create a slot in the soil large enough to properly receive all the roots, and then “double spade” the soil up against the planted trees
 - If time permits, dig a hole big enough to insert and properly spread out all roots within the hole. Back-fill soil, gently tamping soil occasionally to ensure good root contact with the soil
 - If possible, water trees after planting, and as needed during the dry times, especially for the first year.

Points of Interest

There are a limited number of trees available.
Trees will be reserved in the order in which completed, paid order forms are received. So place your order soon!

Minimum order for any one species is 25 trees.
All orders above 25 must be in multiples of 25 (50, 75, 100, etc.)

Tax is included in the price of each bundle of trees.

2016/2017
